

Teaching Assistant / PhD Student (35%)

The Research Institute for International Management (FIM-HSG) is seeking to fill one position as teaching assistant (35%) from October 2017. The position would typically be combined with doctoral studies in the field of International Management under the supervision of Prof. Dr. Winfried Ruigrok at FIM-HSG.

Job description: The teaching assistant provides support for all teaching activities at FIM-HSG, for example in planning and coordinating courses and in preparing, marking, and evaluating course assignments and exams. As a secondary task, the teaching assistant will also be expected to support research projects conducted at the institute.

Candidate profile and requirements: The candidate must have obtained a master's degree (or international equivalent) that allows the candidate to pursue doctoral studies at the University of St.Gallen. The ideal candidate is organised, reliable, and flexible, and interested in both teaching and research activities. The position requires very good English language skills and good German language skills in written and oral form. The candidate will join a young and ambitious international research team and frequently interact with multinational students as part of the teaching assistant activities. The ideal candidate will therefore demonstrate a strong international orientation and have accumulated substantial international experience (e.g. through foreign studies, internships or meaningful extra-curricular activities). The salary is in accordance with the University of St.Gallen's salary scale for institute assistants with master's degrees.

Applications, including a cover letter and a current CV, should be sent by e-mail to Prof. Dr. Winfried Ruigrok (winfried.ruigrok@unisg.ch), and will be reviewed on a rolling basis until the position is filled. Applications will only be considered from candidates who satisfy the formal approval criteria of the University of St.Gallen's Ph.D. in Management (PMA) doctoral programme. See <http://www.unisg.ch/en/forschung/doktorat> for general information about the doctoral programme and <http://www.unisg.ch/en/studium/zulassungundanmeldung/zuldoktoratsstufe/pma> for detailed information about the admission criteria and approval process.

Informal enquiries or general questions about the position can be addressed to Georg Guttman (georg.guttman@unisg.ch, +41 (0)71 224 2479).
